

Please find below a short guide regarding the technical requirements needed to be provided from You in order to give a proper evaluation of my artwork & service.

I have been receiving a lot of offers and it is impossible to make each commission. I've decided to choose the projects that seems to be the closest to my musical taste and that could give me the best inspiration and the real joy of work.

In your first contact mail to me please attach a quick and detailed view on:

## CD COVER

Please provide an information on the packaging you would like to use.  
(digipack, standard jewelcase box or maybe a different format).

Useful tips:

**DIGIPACK** – number of panels, add. booklet – number of pages

**JEWELBOX** – booklet, number of pages including front/back, transparent tray under the disc, outer tray.

## DVD/BR COVER

**DVD box / BLU RAY box** – front or front/spine/back, number of pages if you want additional booklet inside.

**DVD digibook / BLU RAY digibook** – front or front/spine/back, number of pages inside.

## BOOK COVER

**BOOK COVER** – front or front/spine/back

You can also check some of templates which can be found [HERE](#), to have better recognition in formats and standards.

Please include:

### DESCRIPTION:

- A short review about your music, movie or book content.  
It's good to know its title or a tracklist. I need to know what is the author's message for the listeners, viewers and readers, his thoughts about the work.
- I'd like to hear some music samples or full-length tracks or read a sample text.  
That's another important and very useful aspect in the creation process.  
It helps me to feel the mood and see the pictures in my mind.
- If you already have a concept in mind – please feel encouraged to share it with me.
- If you have found my artwork which is close to your expectations or mood, please give me its title or link the image.

### DEADLINE:

- I work alone and always give 100% of my potential. As a human, my time and abilities are limited.  
Please let me know when do you expect to see:
- The first draft or samples' design.
- The finished work ready to be printed

That's all I need to know from you to provide my quick reply including my decision about if and how we are going further with our project. Please respect my request.

Thank You in advance,  
Michał Karcz
